

One punch walk from the kit

This PDF is a sample: one filled punch list from a fake remodel. The paid kit is blank print PDFs, Excel with status colors, an office log, a filled example, and a short closeout guide. Do not use this sample on a real job. It is marked SAMPLE. Template only. Not legal advice and not a contract. Practices vary by job, contract, and location.

One walk = one list. Open items stay open until the owner/GC initials them done.
